Zintra Embossed adds a luxurious feel to Zintra's extensive range of acoustic solutions. Ideal for spaces that not only need noise absorption, but also a sumptuous design element only possible through tactile, three-dimensional surfaces.

Zintra's heather adds warmth to what can often be cold, hard spaces, while consistent patterns progressively match across sheets so there is a seamless design that's easy to install as either large panels or ceilings tiles.

**Welcome to Zintra Embossed.
Design driven acoustics that don't cost the earth.**
