HANDCRAFTED QUALITY

Indulge in hand woven textures like never before. Crafted by skilled artisans, MDC's Natural Resources collection intertwines sisal, paperweaves, jute, cork, burlap, and linen—each meticulously woven to perfection.

These natural materials harmoniously blend with a palette of rich, vibrant colors, resulting in wallcoverings that have a one of a kind look and feel. These timeless textures provide the versatility to transform any interior space, whether modern or classic.

SUSTAINABILITY

Throughout our 50 year history, MDC has maintained a steadfast commitment to sustainability and corporate responsibility.

The Natural Resources collection is comprised of rapidly renewable materials including sisal, paperweaves, jute, cork, burlap, and linen. Each distinctive pattern is comprised of sustainably harvested natural fibers which are colored using vegetable based dyes before being handwoven using centuries old techniques.

MDC strives to maintain eco-friendly processes throughout the full life cycle of our products: harvesting, dying, weaving, packaging, transportation, installation, and eventual return to the stream.

Natural, rapidly renewable materials are harvested.

Natural materials are prepared for hand weaving.

Natural Paper Back for Added Performance

Fibers are Woven by Hand Using Time Honored Traditions.
