Combines the best in design with modern technologies to create optimum strength and performance solutions.

SEAQUAL YARN

SEAQUAL INITIATIVE is a unique collaborative community that works with ocean clean-up programs around the world to bring value to the waste they recover.

CLASSIC WOVEDS

New innovations create performance woven designs with timeless beauty in a variety of interwoven materials that bolster endurance with the use of technology and recycled materials.

The sustainable alternative to high performance vinyl, Stellar Walls® utilizes modern technologies to create pinnacle strength and performance combined with the best in design for the optimum health and hospitality (commercial wallcovering) experience.

STELLAR WALLS®

NEW | CAPRA

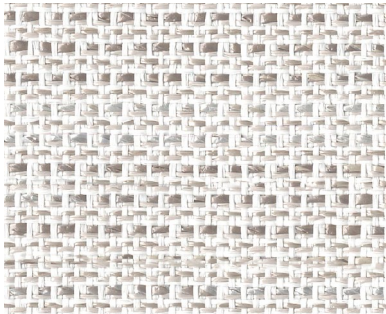

—| MPT5294

CAPRA

This durable, PVC-free wallcovering of multi-colored twist yarns mimics a classic weave texture with heather effects. The soft palette of core neutrals provides a polished sophistication for operable walls and commercial spaces.

SEAQUAL YARN

Hytex® is the first wallcovering manufacturer in North America to invest in the fight against marine plastic pollution. This collection of high-performance textile wallcovering incorporates plastics recovered from our oceans, coasts and rivers by SEAQUAL INITIATIVE into SEAQUAL YARN.

SEAQUAL INITIATIVE is a collaborative community with a mission to transform marine litter into sustainable textile solutions—yarn and fiber—branded as THE OCEANIC LINE. We are committed to collecting plastic waste directly from oceans and rivers, offering high-quality textile solutions to the world, and making a tangible impact on ocean health.

The image rights belong to SEAQUAL INITIATIVE.
